This video explores my personal and social identity through a combination of visual, textual, and auditory modes. It communicates aspects of my identity shaped by language, culture, family, and digital presence. The video integrates spoken narration, imagery, background music, and text overlays to present a reflective and cohesive representation of my lived experiences and sense of self.

I have ensured the video meets the following criteria:

- **Length:** 2 minutes, 59 Seconds
- **Modes:** Spoken narration, images, music, and text overlays
- **Reflective Elements:** Incorporates personal narrative to illustrate how my identity has been shaped.
- **Technical Quality:** Edited for smooth transitions with Capcut for clear audio, and cohesive visual presentation

I trust that this submission meets the requirements outlined in the assignment brief. Thank you for taking the time to review my work Professor.
